WORK / VOLUNTEERING EXPERIENCE

Feb 2026 – Apr 2026 **Software Development Intern**
ZIRA Group
Sarajevo, Bosnia and Herzegovina

Completed an 8-week internship developing full-stack features for a roguelike game platform using Angular (frontend) and Spring Boot + PostgreSQL (backend). Contributed across the full product - from management interfaces (CRUD, overviews, charts) to core gameplay mechanics (inventory, skills, level rendering) and demo scenarios, gaining hands-on experience with the complete development lifecycle of a game platform.

Wrote test cases and manually tested a number of functionalities. Collaborated via Git with branching strategies, merge conflict resolution and code reviews.

July 2025 – Dec 2025 **Software Engineer Intern**
GMV GmbH
Darmstadt, Germany

Completed a 6-month internship in Mission Control System (MCS), mainly maintaining SCOS 2000 (S2K), software infrastructure developed by European Space Agency (ESA/ESOC) and deployed for missions such as: Cryosat, Galileo, Sentinel, Biomass etc.

Besides maintaining, I was also working on containerization of S2K components with Docker and set up GitLab CI/CD pipelines that automated deployments.

Praktikumszeugnis

Herr Semir Korda war vom 1. Juli 2025 bis zum 31. Dezember 2025 in unserem Unternehmen als Praktikant tätig.

Die GMV GmbH ist ein deutsches Unternehmen mit über 280 Mitarbeitern und einem starken Hintergrund in der Raumfahrtbranche. Die GMV GmbH ist das Ergebnis einer Fusion zwischen der INSYEN AG und der GMV GmbH.

Einen Großteil der Arbeit der GMV GmbH machen Entwurf, Entwicklung sowie der Betrieb von Bodensystemen zur Unterstützung von DLR-, ESOC- und Eumetsat- Raumfahrtmissionen, einschließlich Großinstallationen wie dem Columbus Control Center aus. Die GMV GmbH hat mehrere Spin-off-Produkte entwickelt, darunter unter anderem Flugdynamik und Missionskontrollsysteme, Simulatoren und Anwendungen zur Unterstützung des Betriebs. Ein großer Teil der Produkte sind missionskritische Software-Systeme.

Zu den Aufgaben von Herrn Korda gehörten folgende Tätigkeiten:

- Entwicklung und Wartung von Raumfahrzeug-Steuerungs- und Betriebssystemen
- Schulung in CI/CD-Prozessen und Kubernetes
- Java-Programmierung und -Test von Benutzeroberflächensoftware für Satellitenmissionen
- Einführung in DevOps für die Entwicklung und Validierung der nächsten Generation von Erdbeobachtungssatelliten

Herr Korda überzeugte uns mit seinen vielseitigen und guten Fachkenntnissen, die er sicher und zielgerichtet in der Praxis einsetzte.

Aufgrund seiner Analysefähigkeit und seiner schnellen Auffassungsgabe war er in der Lage, auch schwierige Situationen zutreffend zu erfassen und schnell gute Lösungen zu finden.

Herr Korda bewies große Einsatzfreude.

Alle Aufgaben führte er weitgehend selbstständig, sorgfältig und planvoll durch. Er agierte immer ruhig, überlegt und zielorientiert und in hohem Maße präzise. Dabei überzeugte er stets in guter Weise sowohl in qualitativer als auch in quantitativer Hinsicht.

Internship Reference Letter

From 1 July 2025 to 31. December Mr. Semir Korda was working as intern for our company.

GMV GmbH is a German company with over 280 employees with a strong background in Space. GMV GmbH is the result of a merger between INSYEN AG and GMV GmbH.

Most of the work of GMV GmbH has been in the design, development and operation of ground systems to support DLR, ESOC and Eumetsat space missions, including large installations, such as the Columbus Control Centre. GMV GmbH has developed several spin-off products from its work, including amongst others flight dynamics and mission control systems, simulators and operations support tools. A big part of the products, are mission-critical software systems.

Mr. Korda's duties included the following activities:

- Development and maintenance of Spacecraft Control and Operations Systems
- Training in CI/CD processes and Kubernetes
- Java programming and testing of satellite mission User Interface Software
- DevOps introduction activities for the next generation earth observation satellite build and validation pipeline.

Mr. Korda impressed us with his versatile and good knowledge which he reliably and effectively brought into practice.

Due to his analytical skills and quick ability to grasp concepts, he was able to comprehend and find appropriate solutions for difficult situations.

Mr. Korda showed great enthusiasm.

He carried out all tasks with a high degree of independence and in a carefully thought-out manner. He acted calmly and in a considered way, was goal-oriented and highly accurate. In this manner, he always impressed us with both the quantity and quality of his work.

Vertrauenswürdigkeit und Zuverlässigkeit zeichneten den Arbeitsstil von Herrn Korda aus.

Mr. Korda's working style was characterized by trustworthiness and reliability.

Sowohl in qualitativer als auch in quantitativer Hinsicht erzielte er gute Arbeitsergebnisse.

He achieved good work results with respect to both quality and quantity.

Wir waren mit den Leistungen von Herrn Korda sehr zufrieden.

We were very satisfied with Mr. Korda's work performance

Wegen seines stets freundlichen, kontaktfreudigen und ausgeglichenen Wesens wurde er allseits geschätzt; er förderte durchgehend aktiv die gute Zusammenarbeit und Teamatmosphäre. Sein Verhalten gegenüber der Leitung, Kolleginnen und Kollegen sowie Kundinnen und Kunden war stets einwandfrei.

He was universally respected due to his always friendly, sociable and even-tempered manner; he continuously and actively fostered good collaboration and team spirit. His conduct toward the leadership, colleagues and customers was always impeccable.

Wir bedanken uns für die sehr guten Leistungen und wünschen ihm für die Zukunft beruflich und privat weiterhin viel Erfolg und alles Gute.

We would like to thank him for his consistently very good work and wish him continued success in his personal and professional endeavors.
